The foundation laid for Classic Above Ground Pools Malaysia Sdn. Bhd. Stands strongly on commitment and sustainability. We believe that these two values are important in providing quality products and services to our customers as well as maintaining a healthy working environment with utmost integrity within our organization.

We specialize in award winning above ground and modular in-ground pools imported from Australia. In addition to that, we supply equipment and accessories that create the ultimate pool for your backyard.

Our pools are not only the best modular pools in the Malaysian and Australian market, they are also affordable. Just visit the SPASA website and you will see that we have been winning annual awards since 2001.
